Physician Samuel Hahnemann s pioneering text Organon of the Medical Art, first published in 1810, remains the foundation for all study in this field. Wenda O Reilly worked with translator Stephen Decker to produce a version of the book that would preserve Hahnemann s insights while adapting it to the needs of the modern general reader.

The sixth edition of the "Organon" as left by Hahnemann ready for publication was found to be an interleaved copy of the fifth, the last German Edition, published in 1833. In his eighty-sixth year, while in active practice in Paris, he completed the thorough revision of it by carefully going over paragraph by paragraph, making changes, erasures ...

The Organon of Medicine was written by Samuel Hahnemann in 1810. This book is written in aphoristic style (paragraphs with numbering) but there is continuity and logical sequence of thoughts underlying the sections. The book went through 6 editions in all. Five editions were published during the author's life. The 6th edition was completed by Dr. Hahnmeann in 1842 but he
